

May 25-

Cheerio!

may I just say again
how much we enjoyed
the treat you gave us
on Sunday Evening.

The concert was beautiful.

I was thrilled to have

mama here so that she
could hear your new
quartet. She kept saying

"This is a Parlor party
according to their San Francisco
style". It was wonderful.

now I hope, that you
both particularly Mrs. Parlow

survived it with no ill
effects. &

One day I shall telephone
to see if a ride to the
country could be managed.
Our garden is lovely now.

Thank you again -
Affectionately
Shirley
